

## ADVANTAGE FOR SOLAR WATER PUMP

-  With MPPT function
-  When use pump, just pour a little water into the inlet enough with strong suction
-  Compare with SCPM pump same head, this one pump can pumping more much water
-  Environmental protection, clean energy, can be powered by solar panel, battery as well as AC electric
-  Over-load protection, under-load protection, lock-rotor protection, thermal protection

## APPLICATION FLELD

These water pumps are used in irrigation of agriculture also widely used for drinking water and living water use

## TECHNICAL DATA
